Providing a safe environment for Fun, Fitness and Socialization.

A POOL FACILITY IS A VALUABLE ASSET TO OUR COMMUNITY

HELP RENOVATE AND SAVE OUR COMMUNITY POOL!

- A COMMUNITY POOL IS A VALUABLE ASSET.
- THE PROJECT IS SUPPORTED BY A GRANT FROM THE DCNR TOTALING \$125,000
- THE MONTOURSVILLE BOROUGH COUNCIL SUPPORTS THIS PROJECT AND ALLOCATED \$64,000 IN CDBG FUNDS.

History

The Montoursville Community Pool at Indian Park opened in May of 1974 with the cooperation of Borough Council, The Department of Conservation and Natural Resources, and the surrounding community. For over 34 years, the pool has served as a valuable asset providing the community with a safe environment to enjoy swimming, and socializing. Unfortunately, the pool is deteriorating and in need of major renovations within the very near future.

The Montoursville Pool Committee is dedicated to supporting Indian Park pool renovations. Funding for these renovations is not provided through the Borough budget. In addition to the Pool Committee, Borough Council and the Montoursville Area Swim Team are committed to raising \$248,780 for necessary renovations.

But help is needed to save the Pool!

Donations are welcome and are tax-deductible.

The Vision

In 2005, Wayne Wade & Assoc. was commissioned to study the deteriorating condition of the pool complex and provide solutions and recommendations. The total Phase I renovation costs are \$438,000. Grants received to date total \$189,200. The Pool Committee is asking the community to help support this project. Our goal is to raise an additional \$248,780.

Regional Involvement

This pool is an investment in our community, including the townships and municipalities surrounding Indian Park.

Timeframe

Funds raised by the Pool committee will not be used for any purpose other than Pool Renovations outlined here. It is anticipated that the Project would be complete and ready for use in the Summer of 2010.

A New Look

The new pool facility will provide the community with a safe and functional swimming environment that will benefit all ages. Phase I renovations will include updating the bathhouse so it is ADA compliant, a zero depth entry, a water playground, a diving board, and an area for lap swimming and recreational fun.
