

Chemical Process Simulation and the Aspen HYSYS v10.0 Software

Bucknell Netspace Version

ALERT NOTICE. The Bucknell Netspace version of the Aspen HYSYS Manual no longer exists as of **July 1, 2022**. It has been replaced by the Bucknell Google Drive version. Although the content in both versions is the same, they only differ by the hyperlink addresses used within that content. [Click here](#) to access the Google Drive version, if you are currently using the Netspace version. The reason for this upgrade is given in the remaining paragraphs. Note that the **HYSYS v8.3** manual also no longer exists as of **July 1, 2022**.

Hyperlink Error. Before **July 1, 2022**, Bucknell hyperlinks in the Aspen HYSYS Manual were ([https://www.departments.bucknell.edu/ ...](https://www.departments.bucknell.edu/)), which points to the Netspace private file server at Bucknell University. Since Bucknell is transitioning to a Google Drive file server, the Netspace hyperlinks in the Aspen HYSYS Manual have been changed to Google Drive links ([https://drive.google.com/ ...](https://drive.google.com/)), as of **July 1, 2022**. If you receive a hyperlink error while using the Netspace version, you will need to download the Google Drive Aspen HYSYS Manual using the link given above.

Furthermore, any download files from the Aspen HYSYS Manual that contain Netspace hyperlinks and were downloaded before **1 July 2022** will have to be downloaded again using the hyperlinks found in the **Bibliography** section of the Google Drive version of the Aspen HYSYS Manual.
